

Drs. Bruce N. Wolff, C. H. Johnson And Others Given Plaques By 2 Local Clinics

The Adams County Unit of the American Cancer Society honored its founder on its tenth anniversary at the annual meeting of the organization Monday evening in the board room at the Warner Hospital.

A plaque was presented to Dr. Bruce N. Wolff, "to express our appreciation for his splendid leadership and untiring service to the Cancer Society and the Tumor Clinic."

Dr. Wolff was one of the men most active in organizing a cancer unit here a decade ago. He served as temporary president at the organization meeting May 19, 1948, at which John A. Hauser was elected the first president. Dr. Wolff was elected vice president; Elmo McClellan, secretary; W. A. Raffensperger, treasurer, and Mrs. Joseph E. Codori, county captain.

Others Honored

A similar award went to Dr. C. Harold Johnson who was one of the co-founders with Dr. Wolff and who was active in setting up the Tumor Clinic operated at the hospital under sponsorship of the Cancer Society.

A Sword of Hope award was given Donald W. Rohrbach, who served as finance drive chairman last year when the unit raised \$10,000.

Awards were presented to Mrs. Donald E. Myers, treasurer of the society since 1950 for her "faithful service" during the last eight years and to WGET and The Gettysburg Times for "assistance in publicizing the work of the Cancer Society and its continued efforts in educating the public in the danger signals warning of cancer and the need for early treatment of the disease."

Sterling F. Musselman, E. Broadway, was re-elected to a third term as president of the society. Atty. John A. MacPhail was re-elected vice president; Mrs. Myers, secretary; Mrs. C. William Harbaugh, Biglerville, secretary, and Mrs. Henrietta Blocher, executive director.

Elect Directors

Re-elected directors for three years were: Mrs. Wilbur Bankert, Littlestown; Frank Basehore, Littlestown; Henry Donahar, Biglerville; Rev. Nevin Frantz, Gettysburg; Mrs. William Lott, Gettysburg; R. D. Douglas Smith, Gettysburg; Charles E. Weaver, Gettysburg; and Mrs. Donald A. Noel, McSherrystown.

Donald W. Rohrbach was elected a director for one year to fill the unexpired term of John A. Hauser who asked to be relieved of the duty. Other directors of the society include: Dr. W. B. Thomas, Biglerville; Dr. E. Winebrenner III, New Oxford; Atty. S. M. Raffensperger; Mrs. C. William Harbaugh; Mrs. Paul Pitzer, Biglerville; R. D. Mrs. Roy Tate, Fairfield; R. D. Mrs. L. Musselman, Arnold; Paul, Gettysburg; R. D. Miss Evelyn Althoff, Littlestown; Mrs. George Routsong, Biglerville; Mrs. Donald E. Myers, Atty. John A. MacPhail, Fred Gable, New Oxford; Mrs. John Frederick, Gettysburg; Mrs. E. Edgar Riegle, Gettysburg; and Sterling Musselman.

Expect Assembly To Back Middle East Peace Plan

UNITED NATIONS, N.Y. (AP)—Supporters of a Western-backed Middle East peace plan predicted today the U.N. General Assembly would approve it despite opposition from some Arab and Asian nations.

The resolution introduced by Norwegian Deputy Foreign Minister Hans Engen, with six other small nations as cosponsors, may come to a vote Wednesday night or Thursday. It asks Secretary General Dag Hammarskjöld to make arrangements which would permit the withdrawal of American troops from Lebanon and British troops from Jordan.

Engen predicted Assembly approval. One Asian diplomat forecast passage with 56 favorable votes and some abstentions in the 81-nation Assembly. But some Arab and Soviet sources expressed belief it would fail to get the necessary two thirds of those voting.

India opposed the resolution be-

Francis T. Groft, 50, New Oxford R. 1, died suddenly Monday morning at 11:15 o'clock at the West Side Osteopathic Hospital, York. Death was attributed to a heart attack.

Groft had been in his usual health and had finished delivering a load of lime for his brother-in-law, Merle Small, of near New Oxford, when he stopped off for breakfast at Cross Keys. After eating he became ill and was taken to the office of Dr. J. L. Eshelman, East Berlin, who sent him to the West Side Hospital.

He was born in Adams County, a son of the late Charles D. and Emma (Page) Groft. He had been in the lime-spreading business.

Funeral On Thursday

Surviving are his widow, the former Goldie Small; one daughter, Mrs. Robert G. Sipling, New Oxford R. 1; two grandchildren; six brothers, Hayes T., Hanover R. 4; Roy C. and Peter L., both of Oklahoma City, Okla.; Roque P., Hanover; Mark M. and Cyril J., both of McSherrystown.

Funeral services Thursday morning at 10 o'clock at the Fred Feiser Funeral Home, New Oxford, conducted by the Rev. James W. Jackson III, assistant pastor of the United Church of Christ, New Chester. Interment in St. John's Cemetery, New Chester. Friends may call at the funeral home Wednesday evening after 7 o'clock.

URGES CLUBS TO ESTABLISH CHILD CLINIC

Miss E. Elizabeth Rutledge, Adams County supervisor of special education urged "some organization in the community" to establish a Child Guidance Clinic in the county to "aid children who have emotional and social disturbances." She spoke at a meeting of the Kiwanis Club Monday evening at Bankert's Restaurant.

Miss Rutledge said a number of children suffering "emotional disturbances" have been found in the county.

"But when extended counseling is indicated we find there are no resources in the community for parents and children whose budgets are already strained in meeting the day-to-day needs of the family. We do have a Mental Hygiene Clinic which operates one day a month in the county and does outstanding work, but its purpose is for diagnosis only. It can determine the problem, but the solution of that problem lies outside the province of the clinic."

Try Other Counties

"We have attempted to use the facilities of Child Guidance Clinics in other counties, but there we find that those counties themselves have long waiting lines for use of the clinic."

"We can only hope that perhaps some service organization will be interested in studying the problem of raising funds and allocating the funds for the schools, court and child welfare agency so that some of the most urgent needs can be handled."

President Herbert Hamme presided at the meeting. Next Monday evening a board meeting will be held following the regular session at Bankert's, President Hamme said.

Public Display

Had th. shot at the moon been successful, Air Force personnel were prepared to truck the giant model to the nation's capital for public display.

Three special vehicles were used to transport the model, which resembled in every detail the 92-foot rocket fired from Florida. One tractor trailer was used to transport the huge first stage, while the second, third and fourth stages were fully assembled on a second. A third rocket carried equipment to place the rocket in simulated launching position in Washington.

The secret nose cone section was boxed from public view, although the nose tip was in sight on the vehicle with simulated launching equipment.

Emmitsburg's police department was asked to help provide overnight police protection for the model. Maryland state police provided escort service while the model was on the road.

Strategic Missile

The missile was manufactured by the Douglas Aircraft Company while the propulsion engines were built by Rocketdyne Division, North American Aviation Corporation. The nose cone section is a General Electric product. AC Spark Plug Division of General Motors devised the inertial guidance system.

Designed as a surface-to-surface strategic missile, the Thor has a 1,500 mile range and is 65 feet long. However, the additional stages combined for the lunar probe increased the length to 92 feet. It is eight feet in diameter, weighs over 100,000 pounds and the propulsion motors develop 150,000 pounds of thrust.

Airmen in charge of the exhibit included Staff Sergeants Martin B. Poepelman, Paul C. Piccola Jr., and Bryant A. Yawn and Airmen First Class E. C. Burnett Jr. and James E. Eversole.

Rotarians Dine At Hotel Gettysburg

The Gettysburg Rotary Club met Monday evening at 6:30 o'clock at the Hotel Gettysburg, with president David Blocher presiding and 40 members present.

No special program was held. Much of the meeting was given over to plans for next Monday evening's sponsorship of the play at the Totem Pole Playhouse.

Members were told that additional tickets may be secured from Dr. Frank N. Hewitson. The club will dine at the Graeffenberg Inn prior to attendance at the playhouse.

Group singing Monday night was led by Dr. Frederick Tilberg, accompanied by Dr. Kenneth Smoke.

FRANCIS GROFT DIES SUDDENLY; HEART ATTACK

LUNAR ROCKET MODEL PARKED IN EMMITSBURG

Emmitsburg residents developed an intense interest in Sunday's ill-fated lunar probe when a full-size model of the Thor-Able rocket appeared in their town late Saturday afternoon.

The giant Air Force missile was parked overnight on the St. Joseph College grounds preparatory to movement to Washington, D. C., for public display.

However, when the rocket fired from Cape Canaveral's Atlantic Missile Range Sunday exploded, the huge model was trucked back to Wright-Patterson Air Force Base, Ohio.

ADAMS COUNTY FAIR WILL OPEN THIS EVENING

Cattle and poultry raisers, farm wives and 4-H and FFA members today were moving exhibits into the fairgrounds between Abbotstown and East Berlin for the opening this evening of the annual Adams County Fair. It will close Saturday night.

A new cement block cattle building, providing space for 55 animals, was being used for the first time. Also in use for the first time is a new hog pen built during the summer and a newly paved road into the fairgrounds.

President Stewart V. Walker, of New Oxford, said the fair this year will have its largest exhibit of poultry, cattle, hogs and horticultural and home economics products.

15 Poultry Classes

Fifteen classes are listed for poultry. Class 1 covers the traditional American breeds, Plymouth Rocks, Wyandotte, Rhode Island Reds, etc. Class 2 is for Asiatic fowl, the Brahmas, Cochins and Langshans. Class 3 for the Mediterranean chickens, the Leghorns, Minorcas, Anconas, Andalusians and Butterscups. Class 4 is for the English Dorkings, Orpingtons, Cornish, Sussex, Red Caps and Australorps. Class 5 is for Polish types; Class 6 the Dutch Hamburgs; Class 7 the French Houdans and Crevecoeurs; Class 8 the Continentals such as the Campines; Class 9, Orientals such as Sumatras and Malays; Class 10 is for Game birds; Class 11 is a miscellaneous grouping including Silkies, Frizzles, Rumpless, Sultans, Naked Neck, Yokohomas and Long-Tailed Phoenix.

Class 12 in poultry is for bantams, Class 13 for pigeons which are to be exhibited in pairs, Class 14 for Ducks and Class 15 for Geese.

Other Exhibits

Cattle classes are for Holsteins, Jerseys, Guernsey, Herefords and Angus.

Hog classes are for Chester White, Berkshire, Poland China and Spotted Poland China.

Horticulture and Home Economics entries can be placed up to 7 o'clock this evening.

Special classes are held for 4-H clubs in all divisions, and the annual school penmanship and art prizes will be awarded for entries made by the school children before the close of school last spring.

Organizations which are establishing food stands at the fair include the Abbotstown Lions Club, Shiloh Fire Co., Paradise Church, East Berlin Reformed Church, East Berlin Lutheran Church, East Berlin Fire Co. and Abbotstown Reformed Church.

Judging of her various exhibits will begin Wednesday morning at 10 o'clock.

At the multiple drill held Sunday from 7:45 a.m. to 5 p.m. the unit attracted the attention of a number of tourists and townfolk as it held squad tactical training near the Camp Colt area. First Lt. William E. Troxell, 305 Hanover St., was in charge of the training.

Pfc. Jay L. Sixes, 341 York St., and Pvt. Bradley M. Keefer, Gettysburg R. 3, are scheduled to return home after completing six months of active duty training on Thursday. The men entered upon their training at Fort Knox, Ky.

Six Months Training

Entering upon six months of active duty training Sunday was Pfc. Daniel H. Cool, 448 S. Washington St. He was to report for duty at Fort Knox, Ky.

Five other members of the local unit are scheduled to enter upon six months of active duty training at Fort Knox, Ky., next Sunday. They are: Pvt. William C. Decker, York Springs R. 1; Pfc. Robert E. Shetter, Aspers R. 1; Pfc. Garfield G. Sterner Jr., Seven Stars; Pfc. Donald C. Swope, Gettysburg R. 1, and Pfc. Robert L. Trimmer, E. York St., Biglerville.

At Little Rock, Faubus met behind closed doors with advisers. He had nothing to say publicly, but talk of a special legislative session mounted.

An administration source said Faubus probably would have the state legislators in Little Rock by a week from Wednesday.

Open Schools September 3

The appeals court decision came just 16 days before school is scheduled to reopen at Central High.

Little Rock School Supt. Virgil Blossom said the school board would make an all-out fight to prevent seven Negro students from re-entering Central.

But an attorney for the school board, Richard C. Butler, said he did not know whether an appeal could be considered by the U.S. Supreme Court before the Sept. 2 opening of school. The high court is in recess until Oct. 6.

Cites Mob Violence

Writing for the majority, Judge Marion C. Matthes of St. Louis said the issue narrowed down to whether public resistance, including mob violence, was sufficient cause to nullify a federal court order directing the school board to carry out its plan for gradual integration of the Little Rock schools.

"We say the time has not yet come in these United States when an order of a federal court must be whittled away, watered down or shamefully withdrawn in the face of violent and unlawful acts..." Judge Matthes wrote.

Chief Judge Archibald G. Gardner of Huron, S.D., was the only dissenter. He said the school board had acted in good faith and would make an all-out fight to

Firemen To Meet Thursday Evening

The Gettysburg Fire Department will meet Thursday evening at 7:30 o'clock at the former CCC camp on W. Confederate Ave., President Harold W. Culp announced today.

The meeting had originally been scheduled for last Wednesday, but was cancelled when Gettysburg firemen were called to search for the bodies of two men and two youths drowned in a flash flood in the Stone Jug area.

Cashtown Firemen Are Seeking Funds

A committee of 20 is carrying out the annual solicitation of funds for the Cashtown Fire Co., President Clark E. Spence announced today.

The committee includes: Harry F. Biesecker, chairman, John D. Settle, John C. Myers, Crowell G. Bucher, George White, Seymour Kuykendall, Emanuel C. Gunnet, Harold Rebert, Col. T. H. Allen, Charles Beasley, Ivan K. Gulden, Clarence W. Ketterman, Lloyd F. Carbaugh, Robert Kepner, John G. Bucher, Roy J. Biesecker, Kenneth Biesecker, Dean Naugle, Paul Wetzel and Harry Blake.

WORKMEN BUSY; OPENING DATE OF FAIR NEARS

Fifty members of the "fair family" met at the South Mountain Fair Auditorium Monday evening to report that "everything is in readiness for the fair."

The "everything in readiness" referred only to the completion of plans for activities. Next week the fairgrounds near Arendtsville will hum with the sound of carpenter tools, electricians' tools and paint brushes as workmen begin their chores of preparing buildings and grounds for the annual fair beginning September 2.

But all that could be done up to the present time has been completed the reports of the committee chairmen showed. All that remains is for the corps of volunteers to move in, put up the signs, do the painting, and carry out the multitude of last minute arrangements needed before the fair opens to the public on the evening of September 2.

Entertainment Indoors

Painting of roofs of the buildings was postponed until after the fair. Repairs to some floors will be made before the fair. Construction of an addition to the Upper Adams Lions Club kitchen building was started.

One major change from prior plans was made. Originally the fair association planned to present the entertainment program on an open air stage at the horse show ring. Monday night it was decided to stage the entertainment indoors in the auditorium to guard against the possibility of inclement weather wiping out the show.

M. E. Knouse, president of the fair association, presided at the meeting. Reports of the committee chairman indicated that the number of exhibits to be displayed at the fair this year will be the largest in its history.

Four Estate Bonds Filed Here Today

Three administration bonds were filed in the office of the register and recorder Monday.

The Gettysburg National Bank filed a bond in the \$200 estate of Stella C. Engle, late of Butler Twp.; letters were filed in the \$7,000 estate of Bessie M. Bishop, late of Freedom Twp., by Edith M. Claybaugh, and Ivy G. Hursch; and in the estate of George D. Sheely, late of New Oxford, valued at less than \$10,000, Helen A. Zeilman filed the letters.

COMPANY 'A' DRILL TONIGHT IS CANCELLED

Company A of the 313th Infantry Regiment will not hold a weekly drill tonight at 39 Queen St. The next meeting is scheduled for August 26.

At the multiple drill held Sunday from 7:45 a.m. to 5 p.m. the unit attracted the attention of a number of tourists and townfolk as it held squad tactical training near the Camp Colt area. First Lt. William E. Troxell, 305 Hanover St., was in charge of the training.

County Farm Worker Faces Four Charges

Modesto Reyes Jr., 26, Gardner R. 1, faces four charges after he was arrested at Mt. Holly Springs following a truck-car collision.

Police Chief Frank Stoerzinger, Mt. Holly Springs, reported Reyes, Puerto Rican and itinerant farm worker, stole the auto-truck belonging to Lester Starnier, his employer, on Saturday night.

While driving through Upper Holly, Reyes drove the truck into the side of a parked car owned by Lewis Ellicker, Dillsburg R. 1, and forced several other cars off of Route 94. Stoerzinger nabbed Reyes in Mt. Holly and charged him with driving without an operator's license, hit and run and disorderly conduct before Justice of the Peace Luther Peterson, Mt. Holly Springs. He was committed to the Cumberland County jail to await a preliminary hearing. Stoerzinger said Starnier will charge Reyes with larceny of the truck before an Adams County justice of the peace.

Little Rock Ordered To Integrate Schools; Gov. Faubus May Call Session

ST. LOUIS (AP)—Resumption of integration at Little Rock's Central High School was ordered Monday by the 8th U.S. Circuit Court of Appeals. Arkansas Gov. Orval Faubus promptly moved to fight it, possibly through a special legislative session.

The court, in a 6-1 decision, set aside a ruling of U.S. Dist. Judge Harry J. Lemley of Hope, Ark., which would have provided a 2½-year "breathing spell" after a tense year of troop-enforced integration at the school.

At Little Rock, Faubus met behind closed doors with advisers. He had nothing to say publicly, but talk of a special legislative session mounted.

An administration source said Faubus probably would have the state legislators in Little Rock by a week from Wednesday.

24 INDICTED BY GRAND JURY IN BUSY SESSION

An Adams County grand jury completed its duties at 6 o'clock Monday evening after having returned 24 indictments in one of the busiest grand jury days in the recent history of the court.

With some defendants planning to enter guilty pleas the count at the end of the day showed 21 cases scheduled for the petit jury when it begins its deliberations September 2. There were some indications that additional pleas may be entered before trials begin.

Six indictments were handed up at noon Monday. At 4:30 o'clock nine more "true bills" were handed up to permit the court to conduct the "arraignment of defendants" inaugurated last term. During the arraignment all of the defendants were asked to state how they pleaded to the charges and if need be arrange for attorneys to represent them.

"Arraignment Court"

The decision to hold the special arraignment court was made at the last term to avoid the problem raised on sentence day when prisoners who had previously entered pleas of guilty withdrew those pleas, or when their statements indicate that they should enter innocent pleas and stand trial. With the special "arraignment court" such matters are straightened out beforehand and defendants who wish may consult with attorneys before making a final decision on whether to plead guilty or innocent.

Among those indicted Monday were Edmond Trostle, Hanover, charged with two charges of contributing to the delinquency of minors. His attorney, Donald G. Oyer, said Trostle plans to enter a guilty plea to the charges.

True bills were found against James Russell Beck, Fayetteville R. 2, and Jimmie Lee Morgan, Orrtanna R. 1, each charged with aggravated assault and battery on the other.

Plead Innocent

After discussing the matter with attorneys Beck and Morgan both decided to plead innocent to permit a jury to determine which one of them was the aggressor and which was defending himself when Beck is said to have hit Morgan on the head with a two-by-four while Morgan used a knife on Beck.

Richard Barnes, 310 W. High St., charged with aggravated assault and battery on a one-year-old child entered an innocent plea. Dorothy C. Smith, Gettysburg R. 4, also charged with aggravated assault and battery on the child and with abandonment and a morals charge also entered a not guilty plea. The grand jury indicted both Mrs. Smith and Barnes on the charges against them.

True bills were found against Ronald A. Phillips, Littlestown R. 2, morals charge; John H. Beck, York, driving while under the influence; Mark Michael Sullivan, Harrisburg, pointing a deadly weapon and malicious destruction of property; Harold Dean Welsh, 117 Chambersburg St., malicious mischief; Clifford Stephen McPerrin, Gettysburg R. 2, forgery and forgery of a bank instrument; Johnson Sharpe, Gettysburg R. 2, a three count violation of the uniform firearms act; Berman Beamer, Aspers R. 1, assault and battery.

More Than 150 At Lions Club Picnic

More than 150 members, wives, children and guests attended the annual family picnic of the Gettysburg Lions Club Monday afternoon and evening at the Gettysburg Country Club.

The program included swimming, golfing and games. Prizes for golf were awarded to Donald Ulrich and George Miller. Children were given comic books, peanuts and prizes for games.

President John C. Stahl announced that at the regular dinner-meeting next Monday evening at 6 o'clock at the Shetter House, the membership will be divided into teams to canvass the town in the annual broom sale. The canvass will start about 7 o'clock.

Countian Unhurt In Auto Collision

Three cars were slightly damaged in a collision at Hanover and North Sts., Carlisle, late Saturday night when the driver of one of the cars said his foot slipped off the brake pedal, causing the mishap.

Police identified the drivers as Edwin Carl Hess, 31, Carlisle; Woodrow W. Stone, 22, Carlisle; and Mrs. Edna Reever, 38, New Oxford R. 1. The crash occurred when Hess attempted to stop while traveling north on Hanover St. and his foot slipped from the brake. His car struck Stone's car which in turn slammed into the rear of Mrs. Reever's auto.

Hess faces a reckless driving charge by police.

COLE PORTER'S "PARIS" IS HIT AT TOTEM POLE

Totem Pole Playhouse has a smash hit on its hands this week with Cole Porter's "Paris." A delightful spoof spiced with fine music and excellent performances, "Paris" is a real treat.

Stickouts in a fine cast are Jana Pearce, Doug Robinson and Jean Stapleton who handle the Porter score in topnotch fashion and make the most of the comic situations. Robinson and Pearce, in particular, are tailor-made for the roles.

"Paris" has a hatful of fine music "All of You," "Why Can't you Behave," and a host of others. The "Paris" trio of Dorothy Burkholder at the piano, Johnny Knepper with the bass and John Schoenberger at the drums does a whale of a job with the sparkling Porter score. Bows are in order, too, for John Daggett Howell's musical direction and F. Anthony Benko's splendid sets.

New Star

Jana Pearce is new to Totem Pole but has an extensive Broadway and TV background which includes performances on the Ed Sullivan Show and Hit Parade as well as film work. Doug Robinson has long been a Caledonia favorite and his performance in "Paris" should enhance his reputation.

Monday evening's audience was delighted with the Totem Pole cast, bringing them back for curtain call after curtain call.

This is one worth seeing.

Hi-Fi Goes To Dogs And Cats In New Sound Effect Album

By HUGH MULLIGAN
The Associated Press

It was bound to happen.

They've recorded just about everything else from the birth of a baby (Westminster) to a Dixie funeral procession (Audio Fidelity), so it was only a matter of time before someone got around to capturing the hi-fi highlights of a cat and dog fight.

Cook, a Stamford, Conn., firm, makes this singular contribution to the science of sound in an album called "Cook's Tour of High Fidelity" and subtitled "A handy do-it-yourself kit of horrendous soap opera sound effects."

Most Realistic

How a cat and dog fight fits into the soap opera theme isn't made exactly clear but the combatants go about their business in a most realistic manner, so realistic that my cat, a normally docile animal given to uninterrupted 12-hour snoozes, was moved to join the battle.

She circled the set twice in search of a tactical pouncing position and was poised to lunge at the cloth webbing on one of the speakers, when I pushed the reject button.

Later, with my cat securely locked in the kitchen, I returned to ring-side and was relieved to learn that it was a no contest affair. Just as matters started to get serious, a slamming door dispersed both participants and they were never heard from again, at least not on this record, which went on to explore such non-belligerent sounds as thunder and rain, fire engines, an automobile taking off, footsteps and the clacking of a typewriter.

Possibilities Unlimited

Spurred by this excursion into previously unrecorded events of great moment, Cook will no doubt fill out its catalogue with a wife

AUTOS COLLIDE

Cars operated by Kenneth Neff, 19, Fayetteville R. 1, and Mary I. Hartman, 53, of Cashtown, were damaged to the extent of \$150 each in a collision at 1:05 a.m. Sunday on old Route 30 through Fayetteville. State Police said both vehicles were traveling west when the Neff car collided with the rear of the Hartman car.

FORFEIT FINES

The following recently forfeited fines in Westminster on charges of motor code violations: Charles W. Lachman, Emmitsburg, \$10 and costs, reckless driving; David A. Mackley, Littlestown, \$6.45, exceeding 30 miles per hour; Clarence J. Snyder, Emmitsburg, \$6.45, exceeding 30 miles; George Walter Gingell, Emmitsburg, \$6.45, exceeding weight allowance for a truck.

REPORTS BIKE STOLEN

William Shoemaker, 411 York St., reported to police Monday that his blue and white bicycle had been stolen from the bike rack at the high school last Thursday. He described the bike as having no fenders and a yellow-walled rear tire.

LACERATES LIP

James R. Rowles, 24, Gardners R. 2, was treated over the weekend at the Carlisle Hospital for a lip laceration received when struck by a tire wrench.

WHEAT WOES

OKLAHOMA CITY (AP)—Wheat farmers in Oklahoma were highly pleased with the abundant crop this summer, but it had its drawbacks. The wheat grew so tall that hot exhaust pipes from combines, trucks and tractors set off scores of fires that destroyed thousands of acres of the grain.

A FITTING NAME

LAKE CITY, S. C. (AP)—Headline in the Lake City News: "Braveboy Arrests Man in Robbery."

The hero of the tale will never see his teens again. It was Police Sergeant J. C. Braveboy.

A FISHY STORY

SYDNEY (AP)—A Sydney Harbor Angler, using dough as bait, hauled up a saving bank pass book issued in the name of Mrs. K. M. Fisher, of Oyster Bay.

COOLER—Little Shelley Piper, 14-month-old Seattle lass, expresses her pleasure upon finding a cake of ice a cool perch during summer in the Pacific Northwest.

beating, a plane crash, a barn burning and an old fashioned tar and feathering festival. We can hardly wait.

This seems to be the month for off-beat albums aimed at the fire-side entertainer and occasional party giver. In "Sing Along With Mitch" (Columbia), Mitch Miller, his orchestra and chorus whip up a rousing community song fest of hoary but pleasant favorites: "By the Light of the Silvery Moon," "Till We Meet Again" and, inevitably, "Down By the Old Mill Stream." The arrangements are smooth and simple.

Parlor Pinzas

For more advanced parlor Pinzas, there's German University Songs of Wit, Wooing and Wanderlust, a marvelously melodic Vanguard album featuring Erich Kunz and the male chorus and orchestra of the Vienna State Opera.

The Dukes of Dixieland, a romping, stomping jazz band that takes the beat from a tuba, are back with volume seven in their popular Audio Fidelity series, this one devoted to some brassy, lowdown renditions of circus songs and marches.

Boogie Woogie fans, if any are still extant, can bring back the good old days of pre-World War II with "8 to the Bar," a United Artists album that introduces pianist Whelan Tyme and his Boogie-Woogie boys.

Sour Kraut Band

Non-music lovers will welcome the return of the Guckenhimer Sour Kraut Band in their new RCA Victor album, "Music for Non-Thinkers." A San Francisco version of the oldtime street corner German bands, the Sour Krauts attack Sousa's "Stars and Stripes Forever" with a guttural gusto that fairly snaps the main cables on the Golden Gate Bridge. This one is bound to give you a personal acquaintance with even your most reclusive neighbor, unless he happens to be stone deaf.

Finally, to wind up your party on a less hectic note, try London's "A Taste of Paris" with Raymond LeGrand and his orchestra, Capitol's "Jo Fingers" Carr Goes Continental, and Mercury's "Great Motion Picture Themes of Victor Young," with Richard Hayman and his orchestra, all likeable and listenable.

SUPERMARKET SELLING SPURS VARIETY BREADS

By CYNTHIA LOWRY
The Associated Press

The supermarket, with its crowded shelves, has already changed a nation's shopping habits. Now it is broadening the American's taste in bread.

True most shoppers demand the spongy, fine-textured, paper-wrapped baker's loaf — deliberately made spongy because the housewife cannot be dissuaded of the once-tried idea that softness to the squeeze is the only test of freshness.

But increasingly we Americans are coming to know and to love the specialty breads — hearth-baked, raisin, cracked wheat and rye breads; French, Italian, Vienna breads and pumpernickel; bread with few calories; bread which stimulates the old-fashioned home-baked look and flavor, and many others.

None of this, however, has worked to make the nation's bakers happier or richer.

Require Enriched Bread

For one thing, consumption of flour and cereal products has been dropping over the past four decades as higher incomes have enabled more people to buy fruits, vegetables, meat, fish and eggs in greater quantities. And bakers have been harried always by health enthusiasts shouting that in supplying the demand for the softer, finer-grained loaf of commerce they have refined most of the nutrient out of the staff of life. Today about half the states have laws requiring that bread be enriched.

Now there is a need for them to provide a variety of breads.

"With supermarkets stocking their shelves with many types of breads, people are exposed to them, become curious and are buying them," explained Edwin Gilbert, marketing research expert for Continental Baking Co., one of the industry's giants.

And if one bakery won't provide variety, the supermarket finds another which will — and the reluctant baker loses precious supermarket display space for his product and product name.

Trying to find out what type of specialty bread will go over with the public is quite a problem. And the risks are great, since American taste for bread appears to vary by region. Fortunately for the bakers, a sort of national barometer exists in Southern California.

"That's where trends show up fast," says one bakery executive. "That's where they started celophane-wrapped bread — and sesame seed bread. It's a fast-growing place, the population is mobile, and they come from all over so there are no problems of regional preferences and food habits."

Some bread tips:

The consumer can get more out of bread by proper storage. It should be kept in the original wrapper, closed tightly after each use. To prevent staling, store it in the home freezer or freezing compartment of the refrigerator. Next best place is a well-ventilated breadbox in a warm part of the kitchen. (Exception to this rule are the crusty breads — French or Italian — which are best kept unwrapped in a well-ventilated breadbox). While bread can be prevented from molding if kept at ordinary refrigerator temperatures it will stale quickly.

CHAPEL HILL, N.C. (AP) — Thirteen new Negro students have enrolled for the fall term at the University of North Carolina.

They include two women—the first admitted to a regular university term.

The 13 make 22 Negroes enrolled at the school if the 11 who attended last year return.

"OLD CUSTOMS"

Old customs like all ancient things . . . must slowly die away . . . to become buried in the past . . . that's known as yesterday . . . we must conform to modern trends . . . and shelve the used-to-be . . . then look to future days ahead . . . with vision to foresee . . . and even though all this is true . . . some people tightly cling . . . to olden customs that live on . . . and cause their hearts to sing . . . like kinkfolk get-togethers and . . . discussions loud and long . . . and evening's entertainment was . . . to fill the night with song . . . where life was slow now it is fast . . . and we seem to forget . . . the horse and buggy days because . . . we travel now by jet . . . but in our memory there exists . . . a place for what has gone . . . and in our hearts we wish the past . . . could somehow linger on.

BOULDERS CRUSH MOTHER, 2 SONS

SYRACUSE, N.Y. (AP) — A woman and her two young sons were killed Monday by two-ton boulders from a dump truck that hurtled down a hill. The truck driver also died.

The woman's husband and daughter were injured. Both were reported in fair condition at a hospital.

One boulder smashed the automobile of Harry Jacobs, 31. Two others crushed his wife Estelle, 31. She was thrown from the car when it was struck by the truck, police said.

It was not determined what went wrong with the truck. There were indications the driver had attempted to apply the brakes.

The truck careened off the auto, then skidded on its side and jammed between a telephone pole and an iron utility pole. Albert Stone, 40, of Carthage, died in the smashed car.

Jacobs, his two sons, Robert, 6, and Scott, 1, and his daughter, Bonnie, 4, were trapped in the car. Rescuers used cranes and jacks to free them.

ANCIENT SHIP BECOMES HOUSE

By TED MCKENNA
SAN DIEGO, Calif. (AP) — The oldest iron sailing vessel afloat has been the home of tiny, rugged Miss Grace G. Hoff for 16 years. Miss Hoff, bronzed and lithe as any seagoing sailor, says she knows and loves every inch of the weather-worn ship, the Star of India.

Docked at the waterfront, the Star of India is operated as a maritime museum. Miss Hoff is custodian of the ship, which is owned by the Aquarium Society of San Diego.

The decks of the old sailing vessel are kept slick and clean through the fond efforts of Miss Hoff and her "crew," two teenage schoolboys who assist after school, on weekends and during vacations.

When she went to the ship there was no electricity. The only heat was from a wood and coal-burning stove. Electric appliances now furnish heat and refrigeration.

Became 'Old Salt'

Miss Hoff admits that she didn't know the "bow from the stern" when she came to the ship. Her speech is now liberally sprinkled with nautical terms.

Much of knowledge of the ship was given to her by her uncle, Edwin Fox, who served as custodian of the vessel 20 years.

Fox asked his niece to help him when he became ill. After his death, Miss Hoff took over the ship's command.

She has become so familiar with the slight roll of the ship that she feels lonesome for it when she is on land, she confesses.

Miss Hoff has nicknamed the Star of India "My Baby." Her brown eyes twinkled with merriment as she explained the nickname.

"The ship ties me down just as much as a baby," she says. "I'm not able to leave unless I get a sitter."

The star of India was built at Ramsey, in the Isle of Man, late in 1833, and she cleared Liverpool for Calcutta, on her maiden voyage, on Jan. 9, 1834.

The ship was named Euterpe, in honor of the goddess of music. For many years, it operated in the cargo and emigrant trade out of New Zealand under the Union Jack.

She also flew the Hawaiian flag before the Stars and Stripes. The vessel was sold to the Alaska Packers' Assn. and renamed Star of India. She made her last voyage under sail in 1923 and was brought to San Diego from San Francisco in 1925 for use as a maritime museum.

42 CANDIDATES SEEK GRID POSTS

The Biglerville Cannery opened their pre-season football practice Monday with fine results. Jack Emanuel, Biglerville head mentor, was pleased with the way the youths responded to the first call for drills. More than 42 candidates turned out which include approximately nine returning lettermen.

Emanuel announced that the drills will be split during the first week. The squad will practice from 9 a.m. until noon and again in the evening from 5:30 until 8 o'clock. The Cannery had light sessions Monday and will increase their workouts as the week progresses. During the second week, all the candidates will attend a camp at the school where they will room and board during the six days.

Biglerville will open its 1958 season on September 12 against New Cumberland.

at a meeting of the county medical society in the near future. Those currently serving include Drs. Wolff, Roy W. Gifford, Raymond F. Sheely, W. North Sterrett, James H. Hammett, Harrison F. Harbach, C. Harold Johnson, J. L. Boyer, John C. Menges and Leonard L. Potter.

An \$8,645 operating budget for the period from September 1, 1958, to August 31, 1959, was approved. The budget calls for expenditure of \$320 for administration, \$3,859 for services, \$2,073.50 for education, \$392.50 for the annual fund drive and \$2,000 for the tumor clinic. The budget proposes a reserve of \$778.83. The current balance is \$3,423.83.

The budget shows \$2,000 allocated for salaries, \$50 for travel, \$35 for rent, \$50 for insurance and taxes, \$100 for telephone and telegraph, \$100 for office supplies, \$100 for postage, \$25 for rental and service of equipment, \$50 for board meetings, \$100 for office equipment, \$500 for education and Crusade materials, \$75 for films, \$100 for publications.

Other Expenses
\$20 for promotional projects, \$850 for transportation of indigent patients, \$600 for surgical dressings and supplies, \$700 for articles for the loan closet, \$300 for nursing services, \$500 for sedatives and medications, \$100 for public and professional educational meetings, \$100 for training schools and the \$2,000 for the clinic.

The item for salaries was made high, "because we don't know just how much will be needed for the nursing services provided by the society," Mrs. Myers said in presenting the budget. Last year nursing care was provided for only one patient, "but it is awfully difficult to anticipate just how extensive next year's need will be."

The report of the executive director showed expenditures of \$5,035.18 last year and the sending of \$4,974.76 to the American Cancer Society for research. President Musselman expressed the hope that some day the research, which has already paid off in many ways, may pay off as the polio foundation research did with the finding of the Salk vaccine.

We can only hope that some similar discovery may make it possible to do away with cancer just as polio can be done away with."

Mrs. Blocher Reports
According to Mrs. Blocher's report \$1,560.20 was spent for salaries, \$1,399.10 for equipment, \$370 for transportation, \$633 for dressing materials, \$350 for medication, \$232 for educational materials, \$233 for training programs and smaller sums for clinic supplies, postage, telephone office supplies etc.

A total of 103 cancer patients receives services from the society during the year. Twenty-nine of the patients received 7500 dressings, 13 received articles such as wheel chairs, bed, mattresses etc. from the loan closet. Eighteen patients were transported a total of 2095 miles in 102 trips to doctors for treatment, the Tumor clinic, hospitals.

The report showed purchase of a Duo-Autotechnicon for the Warner Hospital at a cost of \$1,323.50 during the year. The mechanism is used for cancer control.

The report showed two wheel chairs and five hospital beds and mattresses owned by the county unit for use of patients. Monday evening it was decided to purchase two more wheel chairs.

The report showed nine families have established memorials totaling \$135 in the name of deceased members of the families. The report also showed 517 persons took part in the annual Cancer Crusade, and seven church groups, four service groups and one Boy Scout Troop took part in the making of dressings at Gettysburg and Littlestown and one Girl Scout troop filled Crusade envelopes with 13,000 pieces of educational literature on Cancer.

SURE CURE
PUEBLO, Colo. (AP) — A friend suggested to Monroe Hyatt that he might get rid of the lice on his chickens by sprinkling hot ashes on the floor of the henhouse.

Hyatt got rid of the lice, all right — also the chickens and the chicken house. Fire from the hot ashes consumed everything.

They All Love Connealys On Concord Avenue, Mo.

KANSAS CITY, Mo. (AP)—Mr. and Mrs. Philip J. Connealy and family returned from vacation Monday and what a hubbub.

They'd been gone only two weeks visiting his parents and her mother up at Decatur, Neb., but almost everyone along the first block of Concord Ave. west of Main St. turned out to welcome them home.

By latest and most reliable count there are 69 kids along this block. All of them except babes in arms kept a noisy, mobile look-out all day for the Connealy clan. Many mothers and a few fathers watched too.

At 5:12 p.m. the station wagon of accountant Connealy appeared and was quickly engulfed by 40 to 50 kids, all screaming.

Connealy finally got the idea. He was to drive around the block and come in the other way, the way they'd been expected, so they could see the banner flung across the street saying, "We Missed You All."

Hanging from the house was another: "Welcome Home Happy Homeymooners."

That was a joke. Beneath it were caricatures of Mr. and Mrs. Connealy and their seven children—Joseph, 14, Dan, 12, Kathy, 10, Kevin, 9, John T. Terry, 3, and Tim, 13 months.

24 INDICTED BY

field R. 1, a three count morals charge; Warren McDannell, Ottatanna R. 1, a two count morals charge; Richard E. Sheely, Hanover, open lewdness; Robert L. Shultz, Biglerville R. 2, and Richard Heintzelman, Biglerville R. 2, assault with intent to kill and assault with accomplice.

The court postponed until October 10 sentence on Merle M. Guldén, Gardners R. 2, on a charge of driving while under the influence because of the death by drowning of his sons in last Wednesday's storm. The court also held that he did not have to renew bail but the present bail will be extended to cover the period.

The charge of violation of the Pennsylvania Liquor Control Law against LeRoy C. and Mary I. Weyant, Gettysburg R. 2 and David A. Jones, 133 W. High St., was continued to November term because the witnesses, mostly Gettysburg College students will not be in the community until that term.

Withdraw Guilty Pleas
Three defendants withdrew pleas of guilty and the grand jury brought indictments against them. They were Joseph Goodman, Willie McLean and James G. Browder, all of Baltimore, charged with larceny. The change in plea was made after the three had talked to attorneys during the arraignment period. Also withdrawing pleas were James Bruce Heflin and Roy Marvin Jackson, Frederick, charged with violation of the uniform firearms act and Heflin alone charged with assault with intent to kill, aggravated assault and battery, and pointing firearms. Heflin admitted to all but intent to kill. Jackson claimed that while he was with Heflin he had nothing to do with the gun that Heflin used to fire at a Hanover youth.

Most of guilty pleas remained at the end of the arraignment session including that of Howard Henry Sandoe, Biglerville R. 1, charged with "shooting a human being in mistake for game."

Mrs. Mary Louise Katherine Mauston, 264 S. Washington St., entered pleas to charges of pointing a gun and having an unlicensed gun but held she was innocent of an attempt to kill, claiming she fired into the ground and into the air in an attempt to frighten a man.

One defendant was sentenced immediately after arraignment because of his plans to go to Florida where his father is ill. Alcario Alvalos, a Puerto Rican, of York Springs, charged with carrying a concealed weapon was given a suspended sentence on payment of costs when the testimony showed he was guilty of carrying a concealed weapon in attempting to prevent trouble. Alvalos had entered a guilty plea to the charge. The testimony showed Juquin O. Santiago, York Springs, an employee of Alvalos, had a pistol and was drinking. Alvalos took the pistol from Santiago "to prevent trouble" and thus was found carrying the weapon.

DEATHS

By THE ASSOCIATED PRESS
LONDON (AP)—L. A. G. Strong, 62, prolific writer of novels, short stories and poems, died Sunday after an operation. Some of his best known poems were published under the titles "Dublin Days" and "Call to the Swan."

NEW YORK (AP)—Jackson Ell Reynolds, 67, former president of the First National Bank of New York, died Monday of infirmities of old age. Prior to becoming the bank's president in 1919, he practiced corporation law in New York City. He was born in Harvard, Ill.

NEW YORK (AP) — Timothy Getty, 12, youngest son of oilman J. Paul Getty, reported to be the richest man in America, died Sunday after a series of tumor operations. His mother, Getty's fifth wife, is the former Louise Dudley (Teddie) Lynch. The Gettys are divorced.

The youngsters spilled two and three at a time out of the station wagon, a welter of pillows, blankets, sacks of groceries and suitcases in two luggage racks on top.

The family, with escort, moved toward the front door and someone shoved a cold beer in Connealy's hand.

Why all the fuss?

Denver Ordinance Is Real Understatement

DENVER, Colo. (AP) — A Denver ordinance declares it is illegal to "board or leave any aircraft while it is in the air."

Authorities say it was probably designed to prevent air carnivals and practice parachute jumps over Denver.

Wyoming Politician Shakes 69,000 Hands

LARAMIE, Wyo. (AP) — Politicians must pay a high price for a political handshake in sparsely populated Wyoming.

Dr. Gale McGee, candidate for the Democratic nomination for U.S. Senate, said he's driven more than 75,000 miles campaigning in the past few months.

He's had only 69,000 handshakes — less than one per mile.

DALLAS PLANE PLANT DISPLAYS 15,000 MODELS

DALLAS (AP) — A miniature factory where 15,000 tiny model airplanes, guided missiles, machines and men are on display give Chance Vought's management a bird's eye view of the firm's operation and a basis for future changes.

The huge multi-purpose display is a schoolboy's delight with its rows and rows of perfectly-scaled miniature planes.

It is used to plan present and future assembly lines and sub-assembly layouts. Navy representatives who visit Vought see how the FSU and Regulus production lines are set up. Sales department officials use it to give visitors an over-all picture of the plant before taking them on a guided tour.

Visual Concept
New engineers study the model layout to give them a visual concept of the way the firm's production is planned. It enables them to understand how the section in which they work fits into the over-all program for making planes and missiles.

On shelves in the display room are approximately 40 miniature jigs and work stands used by tooling engineers to plan the big fixtures which are used to build the planes and missiles. Foremen examine the models for "bugs" which would be costly to remedy on production jigs.

The entire factory area model represents 16 million square feet of floor space in the plant. Built to a scale of 1/4-inch equals 1 foot,

Forger Plys His Trade Under Officer's Eye

CASPER, Wyo. (AP) — Alfred A. Steele appealed to Justice of Peace Alice K. Burridge to free his friend from an insufficient fund check charge.

She agreed if Steele would make good on \$60 in bad checks. Steele promptly pulled a checkbook from his pocket and began writing. But Mrs. Burridge refused to accept the check without proof Steele had an account in the bank.

Sheriff Louis Cooper said Steele went outside the courtroom, forged a note from a bank official saying he had an account in the bank, then wrote a check to free his pal. The check bounced.

Baby Sitter Locked Out By Young Charge

ROCK ISLAND, Ill. (AP) — Firemen were called to help a babysitter in distress. Her year-old charge had locked her out.

The woman stepped outside the Donald E. Cox home and couldn't get back because Donald Jr., had tripped the lock.

Lt. William L. Hancock of the fire department gained admission to the home by removing a screen from a bedroom window.

the model layout covers a table 8 feet wide by 13 feet long. Additional smaller layouts show detailed arrangements of individual assembly lines.

The model factory is complete with tiny planes and missiles, and includes workers, desks, chairs, bins, racks and machines.

Five men work full time to keep the display room up to date and even ahead of actual manufacturing shifts being made in the plant.

MICHIGAN HAS 'APPLE-A-DAY' INVESTIGATION

EAST LANSING, Mich. (AP) — Besides having a life-long appetite for apples, Dr. Eugene Lucas has a healthy scientific curiosity.

As an apple fan and horticulturist at Michigan State University, he firmly approves of the old saying that "An apple a day keeps the doctor away."

But is that old saw really true? And if it is, just how far away does the doctor stay?

Need 2 Years

Dr. Lucas hopes to have scientific answers in another two years. He has passed the midway mark in a four-year experiment that has 500 students eating not one but two apples a day.

Their health is being compared against a test group of 500 non-apple-eating students and against the health of the entire student body.

Lucas explains that there is a theoretical advantage in eating an apple a day. The fruit contains pectins, jelly-like chemicals that apparently absorb toxic materials in the digestive tract. They also contain minerals and organic acids that in laboratory tests have been shown to help regulate cell growth.

No Conclusions Yet
Lucas is reluctant to admit any conclusions at this stage of his tests.

"It would be irresponsible to talk about what little we know now," he said. "But there is one thing we can positively state at this point. The apples haven't done them any harm."

The university hospital is keeping score on whether the apple-eaters or the non-apple-eaters report in with more of such common illnesses as colds, throat infections, skin disorders and stomach upsets.

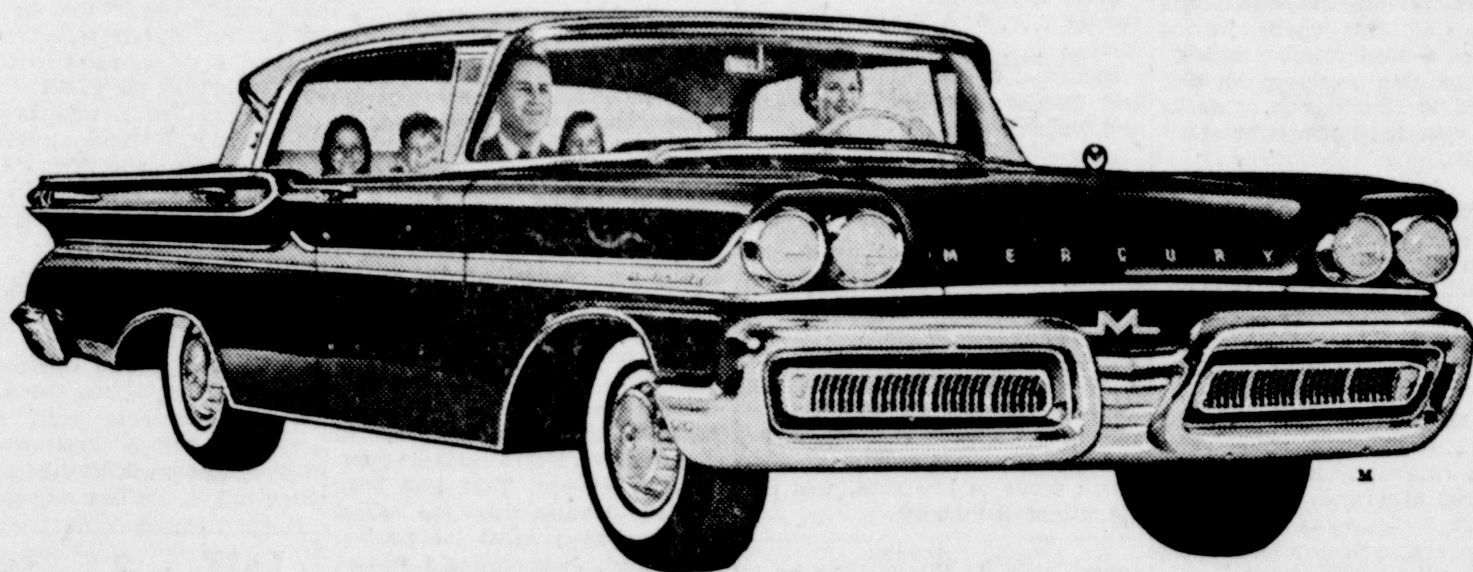

The students are as enthusiastic as their sponsor about the experiment. The apples are delivered to dormitories weekly in individually-packed bags. So the students taking part in the test won't give the apples away, their roommates also are supplied with free apples. The National Apple Institute naturally interested in promoting eating of more apples, is footing the bill for the supply.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times
FIFTY YEARS AGO

Exciting Runaway: Monday evening about 8 o'clock a runaway occurred on Chambersburg street, which was startling and it was only providential that no one was seriously hurt or killed.

Three men in a carriage, said to be intoxicated, drove out Buford Avenue and at the milk station drove into Frederick McCammon and Edgar Faber, who were coming in the opposite direction. Notwithstanding the fact that Mr. McCammon gave the intoxicated men nearly the whole road they collided with him, scared his horse, which by a sudden jerk broke the single-tree and crossbar of the buggy throwing Messrs McCammon and Faber out. The former had one side of his face badly bruised while the latter received injuries to his one limb.

The horse, freed from the buggy, came in the pike at a rapid pace. At the residence of C. K. Little the animal took the pavement and continued on the same until the Diamond was reached. Strange to relate no one was hurt. However, the animal struck a baby carriage containing the infant child of Mr. and Mrs. L. M. Buehler at their residence, upsetting the carriage and throwing the little one out. Fortunately he escaped uninjured.

The horse was caught at Mrs. McCleary's on Carlisle street, where he attempted to go up the steps and fell. It also escaped serious injury, suffering only a few scratches.

Schools Open Monday, September 1st: The Gettysburg public schools will open Monday, Sept. 1. There will likely be a large attendance.

Children who have attended school elsewhere and desire to enter the Gettysburg schools should present themselves to the principal at the high school building. Children who are entering the last primary school will present themselves at the High Street building to Miss Rachel Scott.

Thousands Of Ducks: A most interesting sight is the duck industry which is being successfully conducted by Emory Plank on the old Plank farm in Cumberland township. For the last few years Mr. Plank has been engaged in the business and at present has thousands of fowls, besides having marketed a large number already this season. He has his place well arranged for the raising of ducks and to view it is a most interesting sight.

Fill Vacancy: Directors of the Poor Joseph Kelly and George W. Irvin on last Wednesday appointed Noah Sell, of Hamilton township, to fill the vacancy on the Poor Board caused by the death of David A. Conover.

Big Prices For Guineaes: The steady growing demand for guineaes has caused these fowls to be very profitable and many farmers throughout Adams county are now engaged in raising them along with turkeys. Young guineaes that dress 1½ pounds apiece are quoted at 60 cents. Years ago they brought 25 cents and were hard to get rid of.

Teachers Elected: The School Board of Oxford township has selected the following teachers for the coming season: Union Independent, Miss Margaret Lawrence; Clear View, Mark G. Baker; Red Hill, Luther Yohe.

Camping Parties: A number of members of the Gettysburg Social Club are enjoying camp life at Holt's dam.

James Tate and family are camping at the "Black Hole" along Marsh Creek.

Today's Talk

AGE-TAGGED
To some extent, I believe, we all have a liking for old things. An old chair, book, picture, or some article that has lived through a large family and earned the title of heirloom. The association of things with others usually makes all the difference. A thing may be precious to one but not to another. It's this association that makes things age-tagged with love and many a remembrance. It is often sad to lose what we may have had for a long period. I have a billfold that belonged to my grandfather. It means something to me, but has no interest for others, which is natural.

Many people write me, knowing of my love for books. They wish to know the value of many that have been in the home for a long time, but it isn't mere age that makes a book valued. The content means something, but often has no interest for others because it is what a book has to say that makes it live.

Carpenters and lovers of beautiful wood, like to have that wood to use in special places. I recall a man who furnished his entire home with furniture made from black walnut and he proudly showed it to all who had any interest in old and rare wood. We are usually interested in anything that is age-tagged. People frequently pay a larger price for a very old house than for a modern one, because of their desire to remodel it for modern usage.

The age-tagged among men and women should always be respected. There is no finer example than of a man or woman who has lived out his or her days and years, and been an inspiration to others through a long period of change and growth.

Tomorrow Mr. Adams will talk on the subject: "Paths"

Upper Adams Pony League

Thirteen runs in the last of the fourth inning enabled the Bigler-Redlegs to breeze to a comparatively easy 19-3 win over the Benderville Orioles Monday evening at Arendtsville to take the championship playoff game in the Upper Adams Pony League.

Ken Lawler's Redlegs pounded out a total of 18 hits including four singles in as many trips by Bill Slaybaugh and three safeties by Larry Guise.

Hildebrand, winning moundman, gave up seven hits which included a double and triple by Larry Smick. Score by innings:

Oriles 010 001 1—3-7-4
Redlegs 020 134 0 x—19-18-2
Batteries: Oriles, Showers, Crum and Singley; Redlegs, Hildebrand and Wagner.

MIDLAND LOSES
WICHITA, Kan. (AP)—Poncha-toula, La., won its debut in the National Non-Pro Baseball Tournament Monday night, routing Midland, Pa., 10-4 in a first round game.

Leading 5-4 at the end of six innings, Poncha-toula scored five runs in the seventh and settled the issue. Lou St. Amant's double, which drove in two runs, was the big hit of the inning.

Heavy Rain: High Waters: The rain of Sunday morning was the heaviest that has fallen in this section in the same length of time this summer. It came down in torrents and continued for nearly two hours. Rock Creek rose rapidly and assumed the proportions of a river.

Considerable damage was done by the high waters, fences being carried away, culverts carried off, fields badly washed, &c. The culvert between Miss Mary Shearer's and the Montfort farm on the Hunterstown Road and the one near the old Shearer home on the road from the Hunterstown road to the York pike were both washed away.

BIG TEN LOOKS LIKE DOG-FIGHT AMONG 7 TEAMS

By JOE MOOSHL

Associated Press Sports Writer

CHICAGO (AP)—The Big Ten football race, unpredictable at best, could turn into a hellcat scramble this year with at least seven teams fighting for the title.

Ohio State's defending champions and Michigan State's Spartans will be the teams to beat. Iowa, Wisconsin and Purdue are expected to challenge strongly and Michigan and Illinois never can be counted out until the season ends. For Minnesota, Indiana and Northwestern, it looks like another long season.

State Still Good

Woody Hayes, Ohio State coach, promises the same bruising attack which has brought the Buckeyes three unbeaten titles in the last three years. Hayes plans to employ a powerful ground attack headed by fullback Bob White, line play and a great defense.

Michigan State is set to challenge all comers for the national title. The Spartans are loaded but they may be in need in the quarterback slot vacated by Jim Nisowski.

Iowa again will be tough. The Hawkeyes have quarterback Randy Duncan to pass. They also have good and speedy halfbacks, a fine line and an easy schedule.

Purdue Title Minded

Purdue is the team that could take it all — Big Ten title, Rose Bowl and possibly a national title. There are 26 lettermen returning at the Boilermaker campus. Purdue won five of its last six games in 1957, including a 20-13 upset triumph over Michigan State.

Wisconsin has a tough schedule but the Badgers are ready. They have a veteran team and 28 returning lettermen. The schedule includes Iowa, Ohio State and Michigan State in succession.

Purdue is the real dark horse. Most Big Ten coaches refer to the Boilermakers when there is talk of a title. "That's the team to watch out for," said Ray Eliot of Illinois. The Boilermakers have a tremendous line plus quarterbacks Bob Spoo and Ross Fichtner.

Michigan To Rebuild

Michigan has to rebuild its line from tackle to tackle. The Wolverines are always tough and as unpredictable team as there is in the Western Conference. Fullback John Herrnstein is a strong prospect to lead Michigan to most of its triumphs.

Illinois could wind up with the best line in the country. The Illini, however, will be lacking their usual fleet of halfbacks and again are in trouble finding a capable quarterback.

Minnesota has only two regulars back from last year's team which was picked to finish near the top but wound up in eighth place. The Gophers must rely on newcomers and could progress as the season grows older.

Neither Indiana nor Northwestern won a conference game in 1957 and since neither of the two met it could be the same story again. Help from newcomers is needed in both cases.

that Judge Lemley's decision suspending integration had been based "on realities and conditions, rather than theories."

Emphasize Importance

Judge Matthes emphasized the importance of the decision on integration of Southern schools. Allowing Lemley's order to stand, he said, would mean an open invitation for other school districts to resort to violence.

Judge Lemley suspended the integration plan last June 21. It was at the request of the school board, Blossom, a key witness, testified that it was impossible to conduct normal classes because of incidents.

Faubus called out the National Guard at the start of school to keep the nine Negro students from attending classes. They had been selected to begin what the school board called gradual integration.

U.S. Dist. Judge Ronald Davies of Fargo, N.D., on a temporary assignment in Arkansas, ordered Faubus to withdraw the guard. When mob violence followed outside the school the next day, President Eisenhower sent federal troops to restore order and enforce the integration.

World News In Brief

ABOARD USS NAUTILUS AT SEA (AP)—The atomic submarine Nautilus moved steadily toward the United States at more than 20 knots today, returning home for a hero's welcome.

Plowing under water at a depth of 250 feet, the transpolar submarine sailed Monday from Portland, England. The boat is due next Monday.

TOKYO (AP)—Deadly sleeping sickness—encephalitis—is on the rise again in Japan and Korea, and welfare officials say it may reach epidemic proportions in the next few months.

The Welfare Ministry today reported 352 known cases in Japan this year, of which 42 died. In the past two weeks in south Korea there have been 297 cases reported, of which 71 died.

LONDON (AP)—Britain today declared a wide area of the Pacific Ocean a danger area beginning Wednesday for a series of nuclear weapons tests.

A Foreign Office spokesman said the British government notified all foreign diplomatic missions in London.

The spokesman said the area around Christmas Island, the headquarters of Britain's nuclear weapons testing operations, is the same as that closed to shipping in previous nuclear tests.

NEW DELHI (AP)—A critical water shortage gripped New Delhi for the third day today as army engineers sought to bring the wandering Jumna River back within range of city pumping stations. More than 3,500 laborers worked

MRS. PATTERSON WATCHES ON TV

NEW YORK (AP)—"Next time I think I'll be at ringside."

So spoke pretty Mrs. Sandra Patterson, wife of the world's heavyweight champion, after she had watched Floyd spot Roy Harris in Monday night's title bout at Los Angeles.

Sandra and a party of 10, including her mother and Floyd's younger brothers, Ray 15 and Larry 13, watched the fight in a New York theater over a closed circuit-TV.

Missed Knockdown

"Watching like this is not as emotional as at ringside," she explained. "You know, I didn't see Floyd get knocked down. I just happened to have my head turned."

She referred to the second round when Harris put Patterson down for a count of four, although Chris Schenkel, the TV commentator, kept saying for nine rounds it was not a knockdown, but a push.

"But I was never scared," the 20-year-old Mrs. Patterson hastened to add. "Floyd was the aggressor all the time and I knew it was just a question of time."

Boy, 12, Devises Rules For One-Man Football

CLEVELAND (AP)—Maybe the college and professional football rules magnets ought to look up 12-year-old Henry Nelson Ross II of Cleveland. He might be able to do something about complicated football rules.

The lad was given a game with instructions so that two players could play. He became so adept at the game "Pigskin" that he ran out of challenging playmates. He then devised a set of rules so that one boy could play the game.

Henry mailed his one-player rules to Robert B. M. Barton, president of the game company. Henry was told his one-player rules now are part of the game. He also received \$100 from the company.

AUSSIE STARS FAVORITES AT FOREST HILLS

By DAVE O'HARA

Associated Press Sports Writer

BROOKLINE, Mass. (AP)—The 78th National Doubles Tennis Championships swing into full gear today with Australian and American Davis Cup stars down to make their initial appearance on Longwood's grass courts.

The Aussies, boasting three teams in the first five seeds, moved in from Newport, R. I., where Mal Anderson captured the singles and Ashley Cooper and Neale Fraser won the doubles of the annual Men's Invitational Tournament.

The U. S. Davis Cuppers—plus the Argentine squad—checked in from Rye, N. Y., where the Americans earned another trip to Australia in December and a probable challenge for the coveted trophy held by the Aussies. The United States easily defeated Argentina 5-0 in the American Zone finals.

Aussies Top-Seeded
Cooper and Fraser, top-seeded in defense of their national doubles title, were expected to advance through the first round by default as one of their opponents, Andre Donnadieu, was summoned home by his family in Mexico City.

However, second-seeded Anderson and Bob Howe had a morning appointment on the courts as did three other seeded teams and the Argentinians. They included third-seeded Sam Giammalva and Barry Mac Kay of the U. S. Davis Cup squad, fifth-seeded Rodney Laver and Bob Mark of the Aussies and seventh-seeded Gardnar Mulloy and Whitney Reed.

Because of their delay in arriving, most of the Australian, American and Argentine Davis Cup players faced two rounds of competition today.

Upper Adams Little League

The last-place Pirates kept the Phillies out of a tie for second place in the second half race of the Upper Adams Little League by taking a 12-10 verdict Monday evening at Arendtsville in the makeup of a postponed game.

After picking up four runs in each of the first two innings, the Pirates withstood late rallies by the Phillies to gain the victory. The Pirates scored seven hits as compared to but two for the losers.

Score by innings:
Phillies 0 0 3 5 2—10
Pirates 4 4 1 3 0—12
Batteries: Phillies, Garretson, Johnson and Johnson and Garretson; Pirates, Starnier and Leer.

Tonight the Red Sox and Yankees meet at Biglerville in the makeup of another postponed game. This game marks the end of the second half race, already won by the Yankees.

On Friday night at 6 o'clock the Yankees meet the Cardinals, first half champions, at Arendtsville, for the 1958 title.

Patterson Comes Off Floor To Stop Roy Harris, Texas; Trainer Has Fight Stopped

By JACK STEVENSON
Associated Press Sports Writer
LOS ANGELES (AP)—Dissatisfied with his 12th-round knockout of game but outclassed Roy Harris, world heavyweight champion Floyd Patterson vowed today to fight his way into sharper form.

His timing apparently suffering from his yearlong layoff, the 23-year-old champion had to climb from the floor to successfully defend his title Monday night against the courageous but sometimes awkward challenger from Cut and Shoot, Tex.

Patterson was down for a three count from a left and right in the second round but bounced up to take command from the next round on. He scored four knockdowns.

Harris Far Behind
With Harris far behind on points and bleeding from a battered nose and cuts near both eyes, his veteran trainer, Bill Gore, asked that the fight be stopped after the 12th round.

"I had it stopped," Gore declared. "The fighter wanted to continue."

"I'm more dissatisfied with this fight than any one I've fought in the last few years," Patterson declared. "If I had been able to get started it might have been a different fight. I know that if both of us had more fights we would have looked a lot better. I'll probably fight more often now."

First K.O. For Texan

Stopping the fight, which goes into the record as a 12th-round knockout, brought the first defeat to the picturesquely Texan from the Big Thicket country near Houston. It was the third successful title defense for Patterson, who won the championship in 1956 at 21.

The champion from New York spotted his foe 9½ pounds at 184½ to 194 but landed the power punches. He knocked Harris down for an eight count in the seventh with a right to the side of the head. In the eighth Roy was down for counts of seven and three. He took a nine count in the 12th.

But fans who tabbed the Texan an easy mark and made him a 6-1 underdog were surprised to watch a bruising battle and a courageous showing from the challenger.

At times his unorthodox style in itself served to stall Patterson's attack.

Approximately 20,000 fans watched the open-air battle at Wrigley Field and another 200,000 by closed-circuit television in theaters across the nation.

The gross gate here was estimated at \$223,000, the gross in theaters at a million dollars. Harris collects his \$100,000 guarantee. Patterson's take, it is estimated, will be more than \$200,000.

Patterson's manager Gus D'Amato, still feuding with the powerful International Boxing Club, announced the champion is committed to a title defense next June in Colorado Springs, Colo. But he didn't name an opponent and he left open the possibility that Floyd might fight in the meantime.

Patterson termed Monday night's fight the toughest of his three de-

DODGERS HOLD 9-6 EDGE OVER WORLD CHAMPS

By ED WILKS

Associated Press Sports Writer
The Milwaukee Braves may be eight games ahead in the National League race, but they're still trying to catch up with the Los Angeles Dodgers, who are 14 games behind.

The Braves and the Dodgers play a two-night doubleheader that opens a five-game series at Los Angeles today.

The Braves, who have taken 11 of 14 from Cincinnati, stand 12-6 against St. Louis and 11-5 against San Francisco, are only 6-9 against the Dodgers. Milwaukee holds an edge on every other club.

The Braves, riding a seven-game winning streak that matches the longest in the NL this season, lost their first seven meetings with the Dodgers this season, lost their first seven meetings, lost their first seven meetings, lost their first seven meetings.

The fourth-place Dodgers, who have won five of their last six, will start Don Drysdale and Johnny Podres.

Four months ago, that would have sounded like a pip of a pitching combination for the Dodgers. But Drysdale, perhaps burdened with too much responsibility in the role of ace, has only a 7-11 record. And Podres, the southpaw who pitched the Dodgers to their world championship, has had his troubles after a fine start and stands only 10-10.

The second-place Giants meet Cincinnati at San Francisco this afternoon. Bob Purkey, who had won only 16 in four previous major league seasons, tries for his 15th of the year for the Redlegs. Johnny Antonelli (13-10) is the Giants' choice.

The third-place Pittsburgh Pirates send Ronnie Kline (11-11) against Taylor Phillips (6-6) of the Cubs at Chicago.

The Phillies were at St. Louis for a night game with Jack Sanford (7-11) facing the Cards' Wilmer Mizell (8-9).

No NL games were scheduled Monday.

Baltimore defeated Kansas City 8-2 in the only American League game scheduled.

In other games, Allentown buried Lancaster under a barrage of extra base hits, 7-4, and Reading beat York, 6-3, after losing the opener of a doubleheader, 6-4.

Error Paves Way

The Albany-Springfield thriller ended on Al Silvera's single to left scoring Ken Hilyer from second. Hilyer, aboard on an infield error to open the ninth, moved into scoring position on Gordon MacKenzie's sacrifice.

Williamsport right-hander Earl Hunsinger scattered four Binghamton hits for his 10th victory against five defeats. It was Binghamton's 16th consecutive defeat.

Allentown got only nine hits but they were good for 22 bases against five Lancaster hurlers.

Don Gile had two homers, his 20th and 21st of the year, to pace the

The Pirates of the Upper Adams County Little League have been having a rocky season and consequently have ended in the bottom position. They did come up with a thrilling 12-10 victory over the third-place Phillies Monday evening to close out their regular season.

Whether the New York Yankees can blow their American League lead is a question to be considered by guys who smoke stuff they don't sell at the supermarket. But can the Orioles give Baltimore its first finish in the first division?

The Birds, who have improved each year since their rebirth in 1954, finished just a game short of fourth-place Detroit last season. And after drubbing Kansas City 8-2 in the only major league game scheduled Monday, the Orioles now are within half a game of the fourth-place Tigers.

Even with an 11-game losing skid — longest slump in either league this season — the Orioles have spent most of their time in the first division in the last month. The slump tumbled them from second to sixth. They slipped past Cleveland into fifth by winning their third in a row Monday night.

Seven-Run Sixth

Baltimore had only one hit — a third-inning bunt by Willie Miranda — but held a 1-1 tie with the A's until opening up against Ralph Terry (7-10) in a seven-run sixth inning. Gene Woodling socked a two-run homer and Dick Williams crashed a three-run shot.

Red Brown (5-3) won it on a nine-hitter. Roger Maris scored both runs for the A's, belting his 22nd home run in the eighth after singling and scoring for a 1-1 tie in the fourth on Harry Simpson's single and Hal Smith's sacrifice fly.

The Yankees, who lead by 11½ after losing 8 of their last 11, open their last home stand against the Western clubs tonight against Cleveland. Whitey Ford goes for his 15th victory. Cal McLish (12-6) is the Indians' pick.

Chicago At Boston

Second-place Chicago is at Boston in a "crucial" series for the runner-up spot. The White Sox will go with Dick Donovan (9-11) against the Red Sox's Frank Sullivan (9-6).

The White Sox have won five in a row and 13 of their last 16. Detroit is at Washington, with George Susce (4-2) going for the Tigers against Camilo Pascual (6-7).

Baltimore has a chance to tie or pass Detroit for fourth place if it can sweep a two-night pair from the Athletics. It will be Arnie Portocarrero (12-7) and Jack Harshman (6-11) for the Birds against Ned Garver (10-8) and Bud Daley (2-2).

Emmitsburg Little League

The Cards, behind the pitching of Zimmerman and Topper, registered a 9-6 win over the Red Sox in an Emmitsburg Little League contest Monday evening.

Zimmerman tossed for the first three innings then needed help from his battery mate, Topper, in the fourth. The Cards batted out eight hits but committed four errors to their opponents' two.

Engler was the big man of the evening for the Red Sox as he belted his eighth home run of the season in the fourth with none on. Engler's round tripper was the Red Sox's 21st of the season. McKenna blasted a double to account for two of the Cards' runs.

Line score: R H E
Cards 9 8 4
Red Sox 6 7 2

CARR PLEASED WITH SQUIRES

Head Football Coach Tom Carr and his Delone Catholic High Squires got right down to business their first day of practice Monday with 79 candidates trying to trim down and gain a berth on the varsity squad.

The Squires hit the field at 8 a.m. and immediately took a couple of laps around the field followed by calisthenics. The Carmen then worked the specialties and ironed out a few plays with the line and backfield separated. The morning drills lasted until 11 o'clock.

From 11 to 3 p.m. the candidates showered, ate lunch, rested and went into the gym for chalk talks.

In the afternoon the Squires donned their uniforms and went back to the field for a light scrimmage. The first day was highly successful and Coach Carr was pleased with the spirit and determination exhibited by the candidates.

"We haven't been hitting the way we should," Stengel continued. "And some of the boys have been sloppy on the field. We continued to play awful up in Boston and that's the reason why I called the workout."

"Mickey Mantle and Yogi Berra have been hitting the long ball, but otherwise things have been bad. And that includes the pitching."

George Dickerson Will Succeed Sanders

LOS ANGELES (AP) — George Dickerson succeeds the late Henry (Red) Sanders as UCLA's head football coach.

The 45-year-old Dickerson, a UCLA alumnus, was Sanders' first assistant and handled a great mass of detail for him, including liaison between student-athletes and faculty.

Sanders, eulogized at a memorial service Monday as "an authentic genius," died last Thursday of a heart attack. He was 53.

Athletic Director Wilbur Johns, in announcing the appointment Monday, said Dickerson was not hired on an interim basis and that his contract will extend for "more than one year." Exact tenure and the salary were not disclosed.

Capitani Hitting At .322 For Olean

Records through August 11 reveal that Frank Capitani, former Gettysburg College star, has upped his hitting to a .322 clip for Olean of the New York-Penn League.

In 35 games Capitani smacked 37 hits, including a homerun, in 115 times at bat, and drove in 22 runs.

WORLD ON WHEELS

By Floyd Clymer

Are American car drivers becoming economy minded? Time was, and especially in the boom years, that the average car owner in our country was little concerned with the gasoline mileage that he secured. The general manager of one of America's popular cars once told me that the buyers of their make seemed little concerned with gasoline mileage, as evidenced by a poll that they had conducted. In past surveys that I have made, I too have found that while many owners are concerned about gas mileage, many are more concerned over poor workmanship and annoying servicing problems. After all, gasoline cost is but a small percentage of the over-all operating cost.

Since the increased popularity of imported automobiles and a general leveling-off in business conditions, more and more owners are becoming economy-minded. The average owner of a small imported car, usually powered by an economical 4-cylinder engine, takes delight in needing the owner of a large and powerful U.S. car about economy.

There are, however, many things that even an inexperienced driver can do to improve gas mileage. Periodical check-ups by an authorized dealer or a well-qualified mechanic are essential to keep any engine in proper tune. When the mixture of air and gas is sucked into the cylinder (or forced in, if you have a fuel injector) a lot of things start to happen. First, the charge is compressed and then, at the proper instant, it is fired. The explosion thus forces the pistons downward.

Need Good Plugs
Good spark plugs are essential and, with the modern powerful high-compression engines of today, spark plugs should be changed more frequently than ever. A good plug properly adjusted will ignite most of the charge in the cylinder. A poor or improperly adjusted plug means wasted fuel and less economy, caused by the failure of a hot spark to completely ignite the entire charge.

Owners should make certain that a spark plug of the proper heat range recommended for their engine is used. Too many owners still have the mistaken idea that a spark plug is a spark plug, but there are certain plug heat ranges that work better in some engines than in others.

Improperly adjusted distributor points likewise cause poor performance. Points should be checked at least every 10,000 miles, as should be the condenser. The distributor might well be called the heart of the ignition system as it supplies the current to the spark plugs at proper split second intervals.

Check Insulators
A bad plug insulator, either blistered or cracked, can cause difficulties that are sometimes hard to

trace. Be sure to consult a spark plug chart if you are having plug fouling or over-heating problems. It is likewise important to check all high tension wires while the engine is running because bad wiring or cracks in the wiring can rob the efficiency of the charge while being transmitted to the plug.

Engine timing is of course very important. Far too many cars are operating with improper engine timing. Timing should be periodically inspected by a qualified mechanic using a timing light for either a 6 or 12 volt system. Timing that is too far advanced will cause ping and a spark occurring too late will cause loss of power. Either one can cause over-heating troubles. In earlier days, timing adjustment could be controlled by the driver. For many years, however, automatic spark control has been built into the distributor, thus giving the driver no timing control whatever.

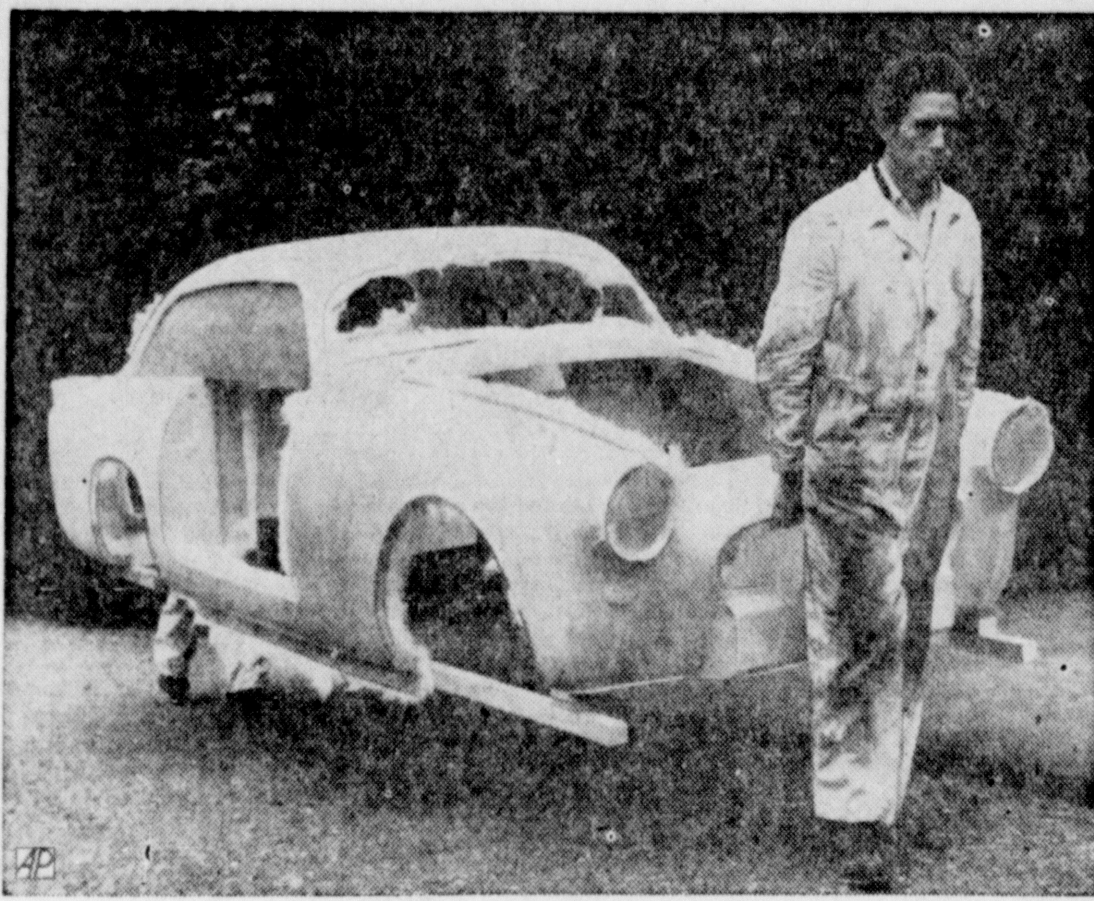

Cylinder Head Gaskets

Cylinder head gaskets should be checked at least every 10,000 miles. Not only can a blown gasket cause a lot of trouble, but many times a defective gasket will permit water to enter the cylinder. Water seepage into the cylinder is sometimes difficult to check. If you have to continually add water to the radiator and are unable to locate any leaks in the hose connections, water pump or radiator, then this difficult-to-locate gasket trouble may be your answer.

A partially clogged fuel line, water in the gas, a poorly adjusted carburetor or a defective fuel pump can likewise cause much annoyance and reduced economy. Sometimes, even the skilled mechanic cannot put his finger on the exact cause for loss of power. At least once every 10,000 miles the carburetor should be removed and every part thoroughly cleaned. In many instances, an improper jet size can cause difficulty. If the jet opening is too small, a mixture that is too lean (a larger proportion of air to gas than should be) can cause over-heating.

Over-heating likewise robs an engine of proper performance and too few owners realize the importance of a properly working thermostat. This device automatically controls the flow of water (or antifreeze coolant) to the radiator. A defective thermostat can either retard the flow of water or permit the water to circulate too rapidly.

Proper compression is likewise essential to good engine performance. Leaky valves, a broken or weak valve spring, worn rings and pistons also are causes of loss of compression. A compression gauge will indicate whether or not one or more cylinders have faulty compression. For a smooth-running engine, it is essential that there is uniform compression in all cylinders.

Moulded for speed! London workmen carry plastic body to be mounted on special racing chassis. It is claimed the car can reach speed of 80 miles an hour in 18 seconds.

Girls Club Sells Safety

By Jeanne Smith, Safety Consultant

A Fostoria, Ohio, girls' club has proved that today's youth is not addicted to fast and reckless driving, hot-rodding or disregard for highway safety.

The organization composed of 19 Fostoria High School freshmen, sponsored a vehicle safety check after adult groups in their community failed to do so.

Their efforts resulted in 920 cars being checked, compared to 450 vehicles checked in a previous program sponsored by an adult group.

Distribute Copies
The girls distributed 2,000 copies of Ohio's demerit point system law during the check, and even gave up a holiday to hand out safety check literature and safety flares to motorists entering the county.

Special credit must go to Carolyn Bower, women's editor for the Fostoria Review-Times, advisor to the club, who suggested that the girls take on the safety check.

Word of their successful safety program spread quickly throughout Ohio, and even reached the attention of national safety organizations. Get Commendation
At special ceremonies, the club received a commendation from the Seneca County Traffic Safety Committee and the Fostoria City

Council. Club members and Miss Bower were guests at the Governor's Traffic Safety Conference in Columbus, and a representative of the club has been invited to attend Northwestern University Traffic Institute's fall convention.

So enthusiastic about safety are the girls and their sponsor that they have outlined an ambitious program for sponsorship of future community projects. And so enthusiastic are highway and police officials that they have promised to cooperate fully with the girls in any future safety project.

GOOD DRIVING NEEDED WHEN SCHOOLS OPEN

When the bells ring for the opening of school in September, it is an appropriate time for a refresher course on safe driving practices. Strangely enough, some of the worst offenders against ordinances and regulations set up to safeguard school children are the parents themselves. However, there are no perfect drivers, so all of us need to be reminded of our traffic responsibilities toward children.

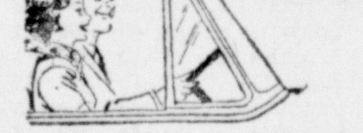

On the highways — watch for those school buses — especially in the mornings and afternoons. When one stops, going or coming, to take on or discharge passengers — you stop. Remember, there are only two situations in which a motorist is permitted to pass a stopped school bus: First, on highways having dual or multiple roadways, separated by a physical median barrier, a vehicle on the opposite side of the median separation may continue at a speed not to exceed 15 miles per hour; and second, vehicles approaching or overtaking a bus stopped in front of a school with the bus parked on the side of the street on which the school is located, may proceed at a speed not to exceed 15 miles an hour. In all other cases, vehicles must remain stationary until the children have entered the bus or have reached the side of the highway.

Wait For Signal
When stopped for a school bus, don't go ahead until you get the all-clear signal from the driver — when the yellow flashing warning light is turned off and the bus starts to move. Don't race around the bus, take it easy.

In cities — watch for children everywhere — not just in front of a school. And when you see police guards or School Safety Patrol children, travel even slower and watch for their signals. They're not trying to act like big shots or tell you what to do — they're simply trying to protect their classmates. All rules and laws concerning safe driving practices near schools and school buses can be summed up in the admonition, "Children should be seen and not hurt." When you see a sign reading "School . . ." let it ring a bell.

THE DRIVER'S SEAT

If you're like a lot of people in the Driver's Seat and drive sometimes with children in the car — here's a way to keep the youngsters from becoming fretful during long drives. ("Long drives," in the vernacular of the young-young set, is anything longer than an hour.)

The game is called "Out-of-State Plates" or "License Plate Watching." In some places it's called "Places and Plates."

But the rules generally are the same: the person who spots the most out-of-state plates during a given period is the victor.

Added Feature
Some parents add an extra requirement: the youngster spotting the plate also name the capital of its state. (But this has not proven too popular, because few grown-ups can name all capitals with complete certainty.)

However, if you're like many parents and want to amuse and inform your young passengers, here are a few little-known facts about license plates that you may want to pass on when you suggest that they play "Out-of-State Plates." (It will make the game a little more interesting for them.)

License plates of 27 states have slogans on them. You can make the game more exciting by giving extra points for these plates. Some slogans: "Water Wonderland" (Michigan), "Famous Potatoes" (Idaho), "Drive Safely" (Indiana), "Scenic" (New Hampshire) and "10,000 Lakes" (Minnesota).

James MARLOW Reports

The Associated Press

WASHINGTON (AP) — Federal appeal judges have dealt a shattering blow to attempts in the South to delay or prevent public school integration by mob protests or violence.

Last June a federal district judge in Arkansas, Harry J. Lemley, ordered the integration of Little Rock's Central High School be delayed 2½ years. Monday he was overruled by the 8th U. S. Circuit Court of Appeals in St. Louis.

This circuit court not only ordered the integration of Negroes in Central High to continue, but issued a blazing attack on the idea that mob violence could block a federal court order.

High Court Appeal
The Little Rock school board which had sought the delay of integration, and got it from Lemley, will now appeal to the Supreme Court. But the outcome there seems predictable:

That the Supreme Court will uphold the circuit court and for the same reasons given by that court. Last Aug. 30 another federal district judge, Ronald Davies, ordered Negro children admitted to Central High. He did this in keeping with the Supreme Court decision of 1954 that segregation in the public schools is unconstitutional.

Faubus Warnings
Davies acted in the face of warnings by Arkansas Gov. Orval Faubus that integration there would cause violence and blood-

shed. (The school superintendent had said he was convinced integration could be carried out peacefully.)

Faubus then prevented Davies' order from going into effect by using his National Guardsmen to keep Negro children out of the high school. By this time there was mob violence.

He could have used the guardsmen to back up the court order. Since he did the opposite, it became plain that—if he got away with it—any Southern governor could do the same and nullify federal court orders.

Troops Sent
So, to preserve the authority of the courts, President Eisenhower ordered in federal troops. Negro children then got into Central High. But the troops were kept there until the end of the school year.

Then in June the Little Rock school board asked Lemley to reverse Davies' order by delaying integration in Central High for a while. Lemley agreed, and granted a 2½-year delay for cooling off purposes.

This was clearly a victory for the foes of racial integration in the schools.

Violence Issue
But if mob violence and tension in Little Rock could force a delay in a federal court's integration order, then it could be assumed mob violence and tension could be employed anywhere in the South to get the same result.

But the circuit court, in overruling Lemley, refused to recognize mob violence as an excuse for delaying a court order to integrate a public school.

Judge Martin C. Maithes, writing the majority opinion, said: "The issue plainly comes down to the question of whether overt public resistance, including mob protest, constitutes sufficient cause to nullify an order of

the federal court directing the (school) board to proceed with its integration.

Court Vs. Mob
"We say that the time has not yet come in these United States when an order of a federal court must be whittled away, watered down, or shamefully withdrawn in the face of violent and unlawful acts of individual citizens in opposition thereto. . . .

"Every school district in which integration is publicly opposed by overt acts would have justifiable excuse to petition the courts for delay and suspension in integration programs."

Meanwhile, the Eisenhower administration's Justice Department has not prosecuted a single person involved in the mob demonstrations in Little Rock in defiance of Judge Davies' integration order of last August.

Why not? The answer given at the Justice Department was that such prosecutions involved questions of whether federal laws had been violated and, further, that the department was deferring to Little Rock authorities to take action.

RIO DE JANEIRO, Brazil (AP) — Italian movie director Roberto Rossellini arrived Monday to discuss the possibility of making a film in northern Brazil.

Rossellini left Rome by plane Sunday, telling reporters he expected to spend 15 days in Brazil for talks on making a film based on the book "Geography of Hunger" by Diego de Castero.

"TED" KETTERMAN

TWO RESIDENTS OF EMMITSBURG NAME LEGATEES

The wife and children are beneficiaries of the estate of Ernest Floyd (Harrison) Keilholz, well known Rocky Ridge cattle dealer, who died suddenly August 5 while attending the Woodboro Livestock Sale.

Keilholz, in his will which was probated by the Orphans Court, directs that his four sons, Merle Floyd, Raymond Ernest, Vernin Grayson and Ralph Lee Keilholz, serve as executors.

He leaves his estate in trust to his wife. At her death he directs that the estate be equally divided between his children who include the four sons and these daughters: Mrs. Dorothy Catherine Knipple, Mrs. Novella Edith Dinterman, Mrs. Anna Vivian Law, and Mrs. Hazel Marie Stonessier.

He directed that Raymond Ernest Keilholz be given an opportunity to purchase the farm on which he lives and that Ralph Lee Keilholz be given a like privilege for another farm.

William M. Storm and Hettye A. Hahn witnessed the will.

Mrs. Mary Claudia Rosensteel, who died recently, leaves her entire estate to her children. She directed in specific bequests certain items of furniture, bedding and personal effects be given to the children.

In a codicil she directed that the children of a deceased daughter, Agnes H. Houck, receive the daughter's share in equal portions. The children are Mary Theresa Houck, Margaret Claudia Callan and Edward J. Houck Jr.

Mrs. Rosensteel's children, to share equally in the estate, are William C. Rosensteel, whom she named as executor; Mary C. Constantine, Louis P. Rosensteel, Bertha E. Sprinkle, Margaret L. Polley, Ernest E. Rosensteel and Richard H. Rosensteel.

Joseph Wivell and Mary M. Wivell were witnesses.

YARDLEY, Pa. (AP) — Charles Derry III, 36, of Newtown, was killed Monday when his convertible skidded off Rt. 332 and crashed into a utility pole.

POLICE PROBING ATTACK BY DOGS

WILMINGTON, Mass. (AP) — Was Christian Loeffler, 57, a recluse, attacked by a pack of vicious dogs he harbored?

Acting Police Chief John M. Imbimbo said Monday that evidence indicates the unemployed stone-mason, a bachelor, might have been killed by some of the 31 dogs he befriended near his shack in an isolated, wooded section.

A group of Boy Scouts on a weekend hike found a skull and leg bones scattered near Loeffler's shack.

Medical Examiner Thomas P. Devin of Stoneham said the bones were those of a human. Imbimbo believes the remains are Loeffler's. He said that Loeffler had not been seen for more than two months.

Last winter, Imbimbo says, Loeffler was ordered to get rid of 20 dogs after a pack had attacked a girl astride a bicycle.

"We combed the area looking for dogs and couldn't find a single one," the chief says. "But Sunday night, after we had left, they returned, running wild and barking at who knows what."

Contempt Citation Voted By Senate

WASHINGTON (AP) — The Senate Monday voted contempt citations against Maurice A. Hutcherson, international president of the Carpenters Union, and 12 other bawdy or fugitive witnesses in its Rackets Investigating Committee's hearings.

The action sends the cases to the Justice Department for handling like any other criminal charges. That is, the issue will be presented to a grand jury. If indictments are returned, the defendants will be entitled to a jury trial. Conviction of contempt of Congress is punishable by up to a year's imprisonment and \$1,000 fine.

PRISONERS CAUSE \$65,000 DAMAGE

KINGSTON, Ont. (AP) — Sixty-screaming prisoners rampaged through Collins Bay Penitentiary Sunday, setting fires that destroyed three buildings and badly damaged several others.

They were halted when a guard, crouching behind a lumber pile, shot and wounded one of the leaders as they attempted to storm the kitchen. A guard was injured. Damage was estimated by Warden Victor Richmond at \$65,000.

Richmond said he did not know the reason for the riot but he speculated it was to mark the anniversary of a similar riot at Kingston penitentiary in 1954.

MAY CALL GRAND JURY TO PROBE "ARSON DEATH"

DETROIT (AP)—Michigan Atty. Gen. Paul L. Adams and three prosecutors today considered calling a grand jury to investigate the mysterious fire death of Teamsters business agent Frank Kierdorf and the burning of a dry cleaning establishment.

They set up their meeting for the office of Wayne County (Detroit) Prosecutor Samuel Olsen. With Adams were Prosecutors Jerome O'Rourke of Genesee

County and Frederick Ziem of Oakland County.

The meeting, an effort to link the two incidents with eight dynamite explosions at Detroit business establishments since January, came on the heels of the surprising appearance of the long-sought Herman Kierdorf.

Given Lie Test

Herman, 68, himself a former Teamsters Union business agent, passed a lie detector test Monday, less than 24 hours after he voluntarily surrendered to police.

Although he still refused to talk about many facets of the case — including his whereabouts for the 13 days he was missing — he agreed to discuss three questions for the lie detector.

He said he had no prior knowledge of the burning of the dry cleaning establishment at Flint, Mich., that he was not on the scene, and that he did not help take the critically burned Frank to a hospital.

Missing Since August 4

Herman had been missing since Aug. 4, the day Frank appeared at a Pontiac hospital with burns over 85 per cent of his body. Frank, 36, died four days later.

After 90 minutes of questioning Monday, Adams said Herman still refused to say anything about his activities after midnight, Aug. 3 — the approximate time Frank was burned and the dry cleaning establishment was set on fire.

STONEHAM, Mass. (AP) — A householder phoned Police Sgt. Andrew J. Tunney and said, "There's an awful odor down here. I think it might be gas."

A cruiser and fire apparatus were dispatched to the scene hurriedly. The emergency crew rushed into the place and rushed right out again.

Red-faced, the embarrassed citizen explained he had moved to suburban Stoneham from the city recently and had never before

RICKOVER SEES CAPITAL SHIPS 'UNDER WATER'

GROTON, Conn. (AP) — Rear Adm. H. G. Rickover said today that the giant atomic submarine Triton will show the way for building big capital ships to travel under the seas.

His prediction was contained in a congratulatory message sent the builders of the Triton, which was poised for ceremonial launching today.

The monster sub is the largest ever built. Officially listed at 5,900 tons, it will displace almost 8,000 tons when fully equipped and ready for trials early next year.

It will serve primarily as a floating and submerging distant warning station to sound alarm of approaching enemy planes or cruise-type missiles.

Can't Attend Ceremony

Rickover, called by many the father of nuclear submarines, said several days ago he would be unable to attend the launching ceremony because of the pressure of his work. There was a flurry of criticism from some congressional members, who believed that the controversial Rickover hadn't been invited.

But the Electric Boat Division of General Dynamics Corp., builders of the Triton, said invitations to Rickover and his wife were mailed.

The Triton will be the first submarine to be powered with two atomic engines. They are being built by the Knolls Laboratory of General Electric.

Abbottstown

ABBOTTSTOWN — The regular Youth Club meeting was held last week at Wolf's cabin, Camp Earnie. It was decided to change the regular meeting date to the first Wednesday of each month. Richard Sanders, Paradise Township, was admitted to membership. Plans were started for the annual family outing to be held September 28. President Wolf presided at the meeting which was attended by eight members.

The meeting of the local Lions Club last Wednesday at Camp Earnie took the form of a shrimp feed and was attended by 32 men with visitors from the East Berlin and Hallem Clubs. Plans were made to entertain the Little League ball players at the next meeting on August 28.

All members were urged to help conduct the eating stand at the Adams County Fair this week.

The following committees were appointed by President Gross: Attendance, Earl Alwine, Rodger Wildasin, Roy Boyer; membership, Paul Breighner, Vincent Breighner, Charles Bare; sick, Laverne Sterner, Homer Hafer; program, George Hollinger, Harry Crawford, Charles Chubb, Laverne Neff; publicity, Faber Wildasin, Ellis Stambaugh; greeters, Billy Smith, John Smith, Leroy Witters.

SOUTHERNERS GET SETBACKS: WHITE, SCHOOLS

By ERNEST R. VACCARO
WASHINGTON (AP) — Southern Democratic senators licked their wounds today after two setbacks on the civil rights battleground.

They lost a seven-month fight Monday night when the Senate confirmed W. Wilson White, a Philadelphia lawyer, as assistant attorney general in charge of civil rights. The vote was 56-20.

The Southerners have opposed White since his nomination last January. But the debate Monday night was all the hotter because it followed news that the federal appeals court in St. Louis had overruled a district judge and ordered resumption of racial integration this fall at Little Rock Central High School.

Reaction Is Hot

Reaction to the appeals court decision was hot. Southern senators rushed out with statements denouncing it as "judicial tyranny" and describing it as tragic.

Some of the sharpest language of the fast-fading session of Congress was used in the debate against White and against President Eisenhower's use of troops last year to enforce court-ordered school integration at Little Rock.

Sen. James O. Eastland (D-Miss.) likened use of federal troops in Little Rock to Soviet repressions in Hungary. There, he said, "armed force and bayonets were used to bend a people to the will of alien ideas, thereby forcing on them a new social structure."

Was Confirmed Twice

Defending White, Sen. Arthur V. Watkins (R-Utah) recalled that the Senate twice before had confirmed him for other federal posts.

News Briefs

BERWICK, Pa. (AP) — Joshua Fisher, 89, who was injured in an auto crash Tuesday, died Sunday at Berwick Hospital.

Fisher was riding with his wife at the time of the crash. Mrs. Fisher was reported in serious condition at the hospital.

NORRISTOWN, Pa. (AP) — A Montgomery County coroner's jury Monday recommended Mrs. Ethel Kravitz be held for grand jury action in the murder of her realtor husband, Max.

The 48-year-old Kravitz was shot and bludgeoned to death on July 4 in his home in Wynnewood. Mrs. Kravitz, 45, is in Montgomery County Prison awaiting grand jury action.

WILKES-BARRE, Pa. (AP) — Funeral services will be held here Wednesday for Mrs. Marjorie Harvey Smith, widow of the former editor and publisher of the Wilkes-Barre Times-Leader. She died Sunday at 72.

Her husband, Col. Ernest G. Smith, died in 1945.

ALLENTOWN, Pa. (AP) — August Gellis, Jr., 41, Slattington R. D. 2, admitted to Allentown Hospital early last week, died Monday. His car hit a tree on a road from the base of the Blue Mountain to Slatedale.

Watkins said nothing has developed to change the Senate's past conclusion that White is qualified for positions of public trust.

In the end, 20 Democrats and 36 Republicans voted for White's confirmation. Republican Senators John J. Williams of Delaware and Milton R. Young of North Dakota joined 18 Democrats in opposition.

The new post to which White was named was set up under a civil rights bill passed a year ago — the first such law since Reconstruction days.

BREAST CANCER CURE BECOMES A POSSIBILITY

By RENNIE TAYLOR

ABOARD SS MATSONIA (AP) — A way of virtually knocking out breast cancer as a cause of death has become a possibility in the not distant future even though no blanket cure is in sight.

The idea is based on the simple arithmetic of breast cancer fatalities and consideration of what surgery can do. It postulates that women past the child-bearing age would free themselves of the danger of breast carcinoma by having the milk glands removed from their breasts even though there is no indication of malignancy.

Tells Of Possibility
This would mean extraction of about half the bulk of the tissues within the breasts, but not the removal or destruction of the breasts themselves. It also would serve as a start toward reshaping breasts for aesthetic reasons.

A surgeon who neither approved nor disapproved the idea brought it to light Monday in discussing the future of medicine before a group of about 50 doctors from all over the United States.

He is Clarence Berne, professor of surgery at the University of Southern California Medical School. His talk was part of a unique medical refresher course conducted by USC aboard this liner en route to Los Angeles from Honolulu.

NAUTILUS HEADS FOR HOME TODAY

PORTLAND, England (AP) — The USS Nautilus, the first submarine to cross the North Pole, sailed for home Monday.

It took an hour and a half to get her nuclear engines started up and the machinery running. Then three sailors spent four hours checking 754 items of nuclear equipment.

Cmdr. William Anderson, the skipper, said the Nautilus would dive under the surface about 25 miles off Portland and stay under water until her arrival near Ambrose Light off New York next Monday. He said he would not know the orders for his exact route home until he was well under way.

The Nautilus sailed into this English port last Tuesday for her first landing after the pioneer voyage under the polar ice cap. She left Pearl Harbor July 23.

As the Nautilus sailed, a British army band played "Yankee Doodle" and "Auld Lang Syne."

Half a dozen pleasure craft jammed with vacationers chugged out to sea with the submarine, and hundreds cheered from the shore.

READING, Pa. (AP) — Jacob K. Gring, 70, of nearby Sinking Spring, was killed by a Reading Co. passenger train as it pulled into a terminal here en route to Philadelphia Sunday.

He was a retired telegrapher for the railroad. Surviving are his widow, a son and two daughters.

Slice a pared eggplant and cut the slices into strips; dip them in flour seasoned with salt and pepper and fry in deep fat. Drain on several thicknesses of paper toweling or brown paper, sprinkle lightly with salt and serve as an appetizer with tomato juice.

LITTLESTOWN — A family picnic will be held by the Young Men's class of St. Paul's Lutheran Church at Crouse's Pool, near town, at 6:30 p.m., Wednesday. Each family will take its own picnic supper. Ice cream and soft drinks will be provided by the class.

Between 600 and 700 public supporters were served at St. John's Lutheran Church annual picnic Saturday in the church grove. Music was provided by the Littlestown High School Blue Band, under the direction of Paul A. Harner.

Mrs. Carrie Halter and Mrs. Ruth Crouse will serve as hostesses at the semimonthly meeting of the Ladies' Auxiliary to the Eagles at 8 p.m. Wednesday in the social room of the home.

Sunday evening dinner guests of Mr. and Mrs. Felix P. Lawrence and her mother, Mrs. Charles L. Hare, Prince St., were their nephew and niece, Mr. and Mrs. Francis Hare, and family, Chambersburg.

Mr. and Mrs. Clarence O. Bankert, Prince St., spent the weekend with their son-in-law and daughter, Dr. and Mrs. M. L. Naefzinger and daughter at Ocean City, Md., where the latter are spending a vacation.

Approximately thirty were in attendance at the annual family picnic of the Golden Deeds Sunday School Class of St. John's Lutheran Church, held on Sunday at the Walter D. Shoemaker cottage, near Fairfield. There were group games and each family took a basket lunch. Mrs. Edgar A. Wolfe is president of the class.

The members of the Littlestown Senior High School Blue Band will have a picnic Wednesday at 6 p.m. in St. John's Lutheran church grove. Thirty-nine Cub Scouts of Pack 84, accompanied by Cubmaster Stewart N. Long, Beaven P. Hanlon and Lewis H. Fox, went on an overnight hike Friday to the Littlestown Fish and Game Farm.

Boy Scouts who assisted with setting up the camp were Robert Hahn, Charles Hahn, Ronald Gladhill, James Long and Ronald Ruggles, and some of them also remained overnight.

The Cubs plan to attend a baseball game in Baltimore before the close of the season.

ACTOR IN HOSPITAL

HOLLYWOOD (AP) — Edward G. Robinson is in Cedars of Lebanon Hospital for observation. He says he's feeling fine.

The veteran actor became ill Sunday on a flight from New York, causing the airliner to make an unscheduled stop at Las Vegas, Nev.
